In the course of the 1959 Review, the Coordinating Committee studied a proposal to add a new item to the 201-299 series.

A Review Sub-Committee, assisted by experts and under the Chairmanship of Mr. CORTESE DE BOSIS (Italy) considered the proposal during a meeting on the 24th November.

The Chairman of the Sub-Committee reported to the Committee on the 30th November. At that time, the Committee examined the findings of the Sub-Committee and, as set out in COCOM Document No. 3712.NI 1/1, concluded that the matter should be studied further during the second round of discussion.
